

初任給 ▶ first paycheck

The first paycheck is the salary that newly-hired employees, who have just graduated from a high school, college, or other school and begun to work, receive for the first time. Some of them buy presents for their parents with it.

初任給は、高校や大学などを卒業し働き始めた新社会人が、初めてもらう給料です。初任給で親にプレゼントをする人もいます。

【豆知識】年収はannual salaryです。
